Service quality	Improve customer satisfaction through reliable delivery.	Satisfaction score; Resolution time	Quarterly

Strategic priority	Objective	Measures	Review rhythm
Operational efficiency	Strengthen systems and team performance.	Cycle time; Quality rate	Quarterly

6. Resources and governance

Each priority will be translated into a funded annual operating plan with clear owners, milestones, dependencies, and quarterly decision reviews.

Resource implications

Growth requires accountable leaders, fit-for-purpose systems, staff development, partnership capacity, and disciplined budgeting.

Governance and review

The leadership team reviews delivery monthly, examines the scorecard quarterly, and refreshes the strategy annually.

7. Strategic risks

Risk	Response and control
Insufficient delivery capacity	Phase growth, monitor workload, and recruit ahead of demand.
Weak customer acquisition	Test channels quarterly and redirect investment using evidence.

8. Immediate next steps

- Validate assumptions and baselines with the leadership team and key stakeholders.
- Confirm objective owners, measures, annual targets, budgets, and dependencies.
- Translate this plan into a 12-month operating plan and quarterly review calendar.
